

WEED CONTROL CONCENTRATE

It's time to concentrate on weed control. Our Weed Control Concentrates have the power—and volume—you need to take on any weed problem. These fast-acting, concentrated formulas create 1-gallon of product so you can stop large areas of weeds.

Weed Warrior Concentrate

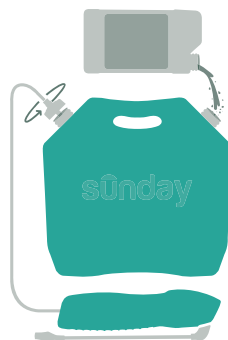

Our fast-acting organic herbicidal soap will kill weeds, grasses, algae, and moss. See results in just 20 minutes. Because Weed Warrior is a non-selective herbicide, it should generally not be used on your lawn area.

how to apply

For more details, see instructions sheet for each product. Read full instructions and precautionary statements on the product label before use.

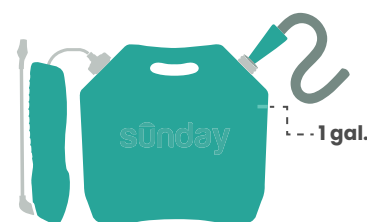

step 01

Pour in a full bottle of weed control concentrate into the reusable container and attach the wand applicator.

step 02

Use your outside hose to fill the sprayer up to the 1-gallon mark.

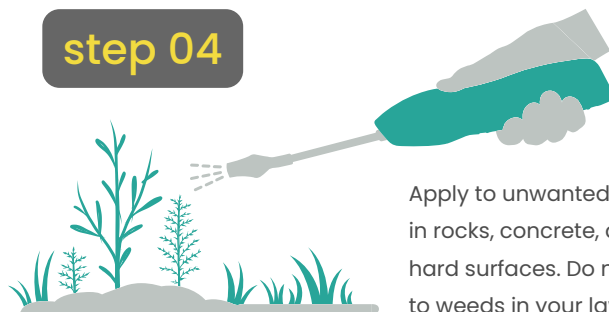

step 03

Firmly reattach the lid of the reusable container.

step 04

Apply to unwanted weeds in rocks, concrete, and other hard surfaces. Do not apply to weeds in your lawn.

dos and don'ts

- Do:** Spray weeds until leaves are fully drenched.
- Do:** Repeat treatment every 2–3 weeks for stubborn weeds.
- Do:** For large weeds, split top of root before application.
- Do:** Wait 5 days to replant garden areas after application.
- Do:** Keep container upright once filled. Keep away from children and pets.

- Don't:** Apply within 3 hours of rain.
- Don't:** Apply when temperatures exceed 85F.
- Don't:** Reenter the area until product has dried.

Dandelion Doom Concentrate

A selective, iron-based weed killer that is safe to use on your lawn. Kill weeds down to the root, help control lawn disease, and see results in just hours. The Sunday Dandelion Doom concentrate will create 1-gallon of product.

how to apply

For more details, see instructions sheet for each product. Read full instructions and precautionary statements on the product label before use.

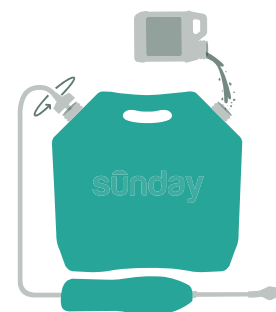

step 01

Use your outside hose to fill the sprayer up to the 1-gallon mark.

step 02

Pour in a full 5oz bottle of Dandelion Doom concentrate into the reusable container and attach the wand applicator.

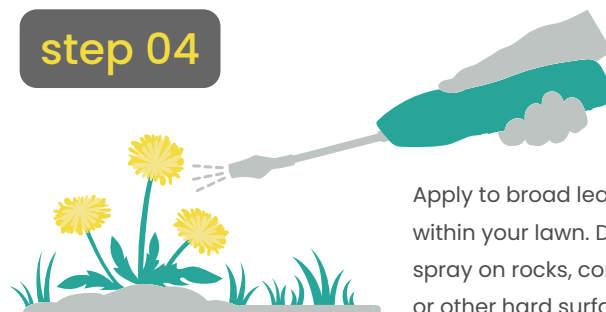

step 03

Firmly reattach the lid of the reusable container and mix slowly.

step 04

Apply to broad leaf weeds within your lawn. Do not spray on rocks, concrete or other hard surfaces.

dos and don'ts

- Do:** Spray weeds until leaves are fully drenched.
- Do:** Repeat every 2 weeks for stubborn weeds.
- Do:** For large weeds, split root before application.
- Do:** Keep container upright once filled. Keep away from children and pets.

- Don't:** Apply within 3 hours of rain.
- Don't:** Apply more than 4 times per year in one area.
- Don't:** Apply when temperatures exceed 85F.
- Don't:** Reenter the area until product has dried.
- Don't:** Apply to non-broad leaf weeds.
