DROUGHT DEFENSE

Defend against drought and dry patches with our root-strengthening formula that helps distribute water uniformly across your lawn.

DIRECTIONS

ALL YOU NEED IS A HOSE

- 1 ATTACH SPRAYER**
to hose and pouch
- 2 SPRAY FORMULA**
onto your lawn
- 3 COVER ENTIRE LAWN**
evenly (10-15 min)
- 4 WATER THOROUGHLY**
after application.

FOR BEST RESULTS:
Make sure lawn gets ample moisture after applying.

WHEN TO APPLY:
Apply before drought conditions begin, and repeat every 4 weeks during active growth. Apply in the morning or late evening.

Get personalized support and a free lawn analysis at getsunday.com/youryard.

Apply only as directed. Apply only to actively growing turf. Suitable for all grass types. Do not apply near water, storm drains or drainage ditches. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

Sunday Drought Defense is a preventive formula consisting of a soil surfactant and a potassium enriched blend, including seaweed extract (*Ascophyllum nodosum*). The soil surfactant and nutrient blend work together to provide added root strength and to improve soil moisture uniformity and wetting in hydrophobic soils that are susceptible to localized dry spots.

SUNDAY DROUGHT DEFENSE 0-0-1 F2690

Covers 2,500 sq ft | Net Wt. 2.8 lb (1.2 kg)

GUARANTEED ANALYSIS:

Soluble Potash (K2O)1.00%

DERIVED FROM: Seaweed Extract, Potassium Hydroxide*, Potassium Acetate.

*As an extractant.

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS

0.20% Humic Acids (derived from Leonardite)
